Evi Juon Moderation, Aquarelle Picture-Projections

## Enchanting Voice and colourful sparkling Pictures

Ruth Juons melodious Pop-Songs with a breeze of Classic and Jazz and Evi Juons free drawn aquarelle picture-projections, lead the audience in a intriguing trip of non foreseen possibilities. Ruth Juons music prepares with the light orchestra sound colours of strings, harp and fine percussion the ideal surrounding for her light and radiant voice, which flows easily from high to low ranges. Evi Juon made to the songs many aquarelle-drawings. At the computer she readapts them with all their details to video and in the concert projects it to the music on screen. In the Vision of Paradise ARTCONCERT melt the pure bright colours with the music and the voice to a paradisiacal whole.

*«...Luck and dream in songs and pictures: «Artconcert» is an original art composition for young and old. Something that speaks to all senses: An airy, playful, colour orgy for the eyes, songs and a story for the ears. A varied «life bow», a picture book in large format, an outing to paradise...»*
